# **Spring Plungers** • with ball and slot 22050.0603

## **Product Description**

Spring plungers can be used for locating or for applying pressure, as a detent or for ejection.

#### **Material**

#### Body

· Stainless steel 1.4305

#### Ball

· Stainless steel, hardened

## Spring

Stainless steel

#### Characteristic

Heavy spring load: marked with two lines

Standard spring load

Heavy spring load

### More information

#### **Notes**

Customized design on request. Spring plungers are specially tested for spring range and forces.

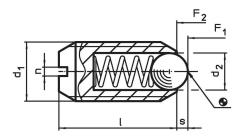

#### References

Thread lock on request, please refer to appendix - Technical Data -Calculation of indexing resistance, please refer to appendix - Technical Data -

## **Further products**
