# **Spoked Handwheels** • light metal

# 24610.0120

## **Product Description**

For all handwheels, the hub is machined, rim is turned and mirror-finished on all sides. The unmachined raw surfaces have been blasted clean. Together with their mirror-polished rim, these handwheels therefore present a finish which generally does not require additional lacquering.

#### Material

#### Axle part

· Steel, zinc-plated by galvanization

#### Handwheel

· Aluminium permanent-mould casting

#### **Assembly**

Shaft-end washers EH 22270. for axial fastening.

#### More information

#### **Further products**

- · Shaft-End Washers
- · Cylindrical Handles, rotating

### **Drawing**

The orientation of the hub keyway may be different than shown in the drawing.
