Hinges • long version 25165.2030

Product Description

The different versions cover many applications that require a low load.

These metal hinges are characterised by their simple design and the different versions:

- · without bores
- with bores
- with bores for countersunk screws

The version without bores can be assembled by welding or by inserting a specific drilling pattern.

Material

Body

• Steel, zinc-plated by galvanization, passivated

Axis

· Stainless steel 1.4301
